# BRIDGEWATER OBITUARY INDEX

[SOCIAL SECURITY DEATH INDEX](#) available soon [STATE DEATH INDICES](#) available soon

This is a “FIRST DRAFT” list of copies of 1,537 *Obituaries* and *Indices to Obituaries* collected over several years where the Decedent’s surname is Bridgewater or one of its several variations or where the maiden name or mother’s maiden name was Bridgewater, etc The collection also includes obituaries that mention other family member(s) who by birth or marriage were or are Bridgewaters, etc The collected obituaries further include Bridgewater officials, pallbearers and friends where no relationship is presumed. A small number of Bridgewaters located in “other” indices occasionally turn out to be references to Bridgewater cities and/or geographical locations. These, as identified, will be removed.

Obituaries in the Bridgewater Register collection are verbatim copies transcribed from original published and/or online obituaries. Some obituaries are often no more than a statement of the event and contain little biographical or genealogical information Later obituaries tend to provide more biographical information on the individual and name at least surviving family members. In many cases, notes are attached expanding upon the original obituaries. All but a few of the obituaries are referenced by the name, location and date of the publishing newspaper. Some references are to funeral home records. When a publication date is not known or unclear, the date generally used is the actual date, or near to the date, of death. This is naturally true with Social Security Death Index and various State Death Index references.

## STATUS COLUMN:

**NEED:** Obituary index reference. *I may only have the index reference and/or a truncated copy of the obituary, usually from a pay site.* I DO NOT NECESSARILY HAVE A COMPLETE COPY. I would greatly appreciate a copy for my files if you have any Bridgewater or related obituaries that are not included in this index, or where I only have the SSDI reference OR a State Death Index reference, PLEASE send copies, especially of older obituaries, so I may include them in the index and provide transcribed copies to others in the future

**HAVE:** Obituary transcribed and COPY AVAILABLE.  
SEND EMAIL REQUEST FOR COPY. PLEASE INCLUDE “OBITUARY” AND DECEDENT’S NAME IN THE SUBJECT LINE. ONE NAME PER EMAIL, PLEASE.

**Private:** Skeletons in the Closet ~ delicate family news in the Papers I have numerous copies of newspaper articles, not necessarily obituaries, relating to criminal or unusual activities involving Bridgewaters either as the principal or the victim Those published prior to 1930 are included in the Index. Items published after 1930 are not in the Index except for obituaries where the nature of death is given ~ usually by violent means. I will be happy to search these later copies for specific individuals and if found I will send copies with the understanding that the copies will not be posted online or redistributed without consideration of the sensitivity of the copy.

*Exchange of information, addition of photographs in particular, and/or corrections appreciated Copies will be made available upon specific request and then attached as a PDF or other compatible file to my response.*
